

A photograph of a rustic living room. In the foreground, a dark grey ottoman sits on a patterned rug with a white mug on top. To the left, a fireplace with a glowing fire is partially visible, with a large wicker basket in front of it. In the background, a light-colored sofa with a plaid blanket and several pillows is positioned against a wall with white wooden beams. A window with purple curtains is visible behind the sofa. The ceiling features exposed wooden beams and a simple pendant light fixture.

Residential Offerings

Efficiency Maine

Mission of Efficiency Maine

To lower the cost and environmental impacts of energy in Maine by promoting energy efficiency and other distributed energy resources.

Incentives & Financing

Tens of thousands of rebates issued each year

Why invest in energy efficiency?

Annual Heating Cost Comparison Chart

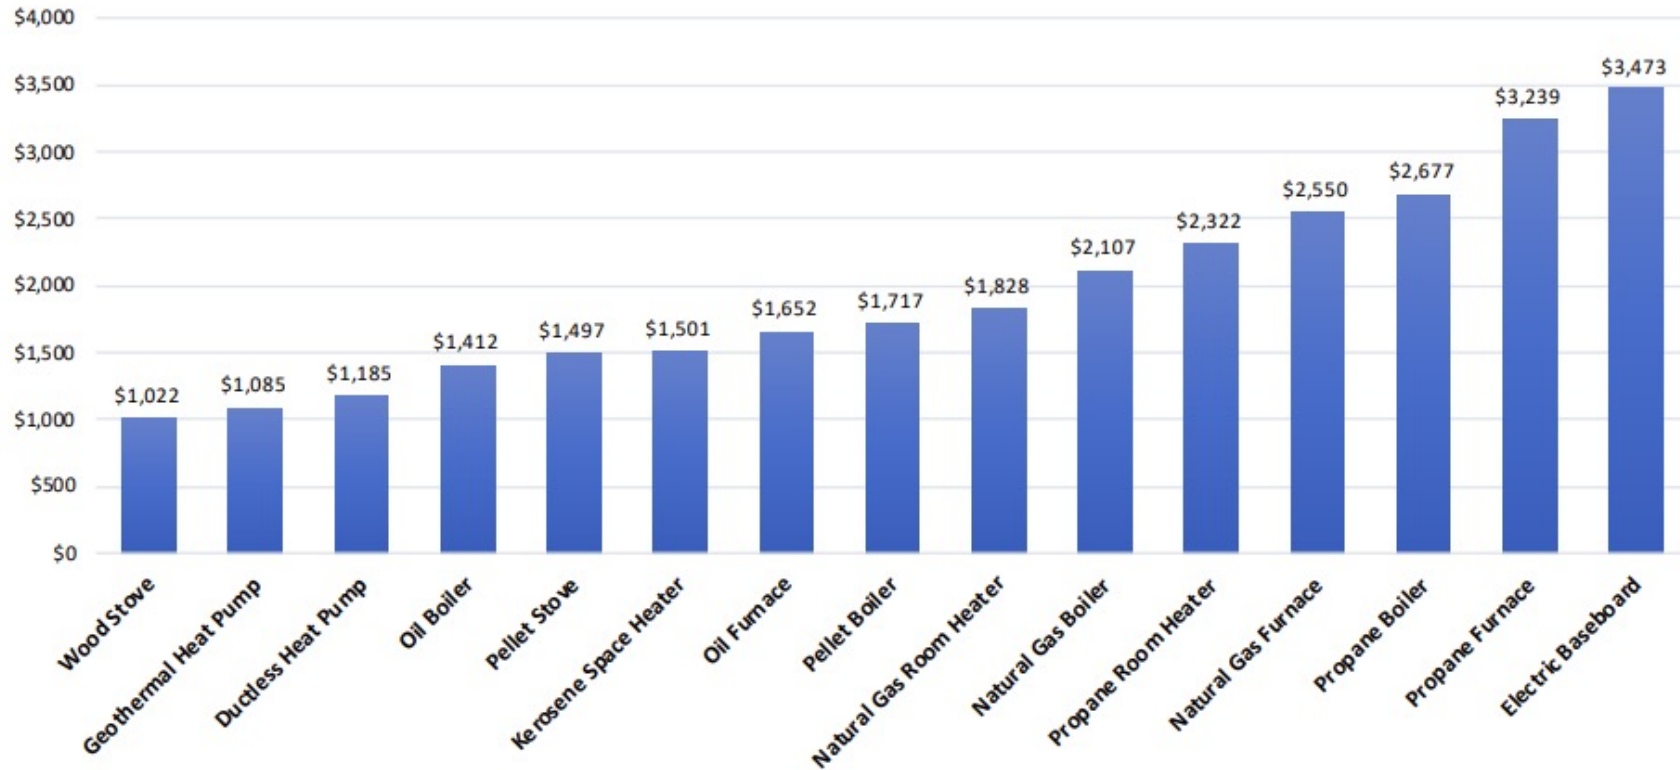

Chart provides a comparison of annual heating costs for common system types and fuels. Chart uses recent pricing, typical efficiency values, and a home heating load equivalent to 820 gallons of oil. Comparison chart values updated 2/09/21. Visit efficiencymaine.com for more details and information.

Low- and Moderate-Income Eligibility

- Homeowner receives heating assistance through LIHEAP

OR

- Assessed value is below the county max (table)

County	Combined Building and Land Assessed Value
Aroostook, Somerset, Washington, Piscataquis	\$80,000
Franklin, Oxford, Penobscot	\$90,000
Androscoggin, Kennebec, Waldo	\$100,000
Sagadahoc, Knox, Hancock, Lincoln, York, Cumberland	\$130,000

Low- and Moderate-Income Allowances

Heat pump rebates:

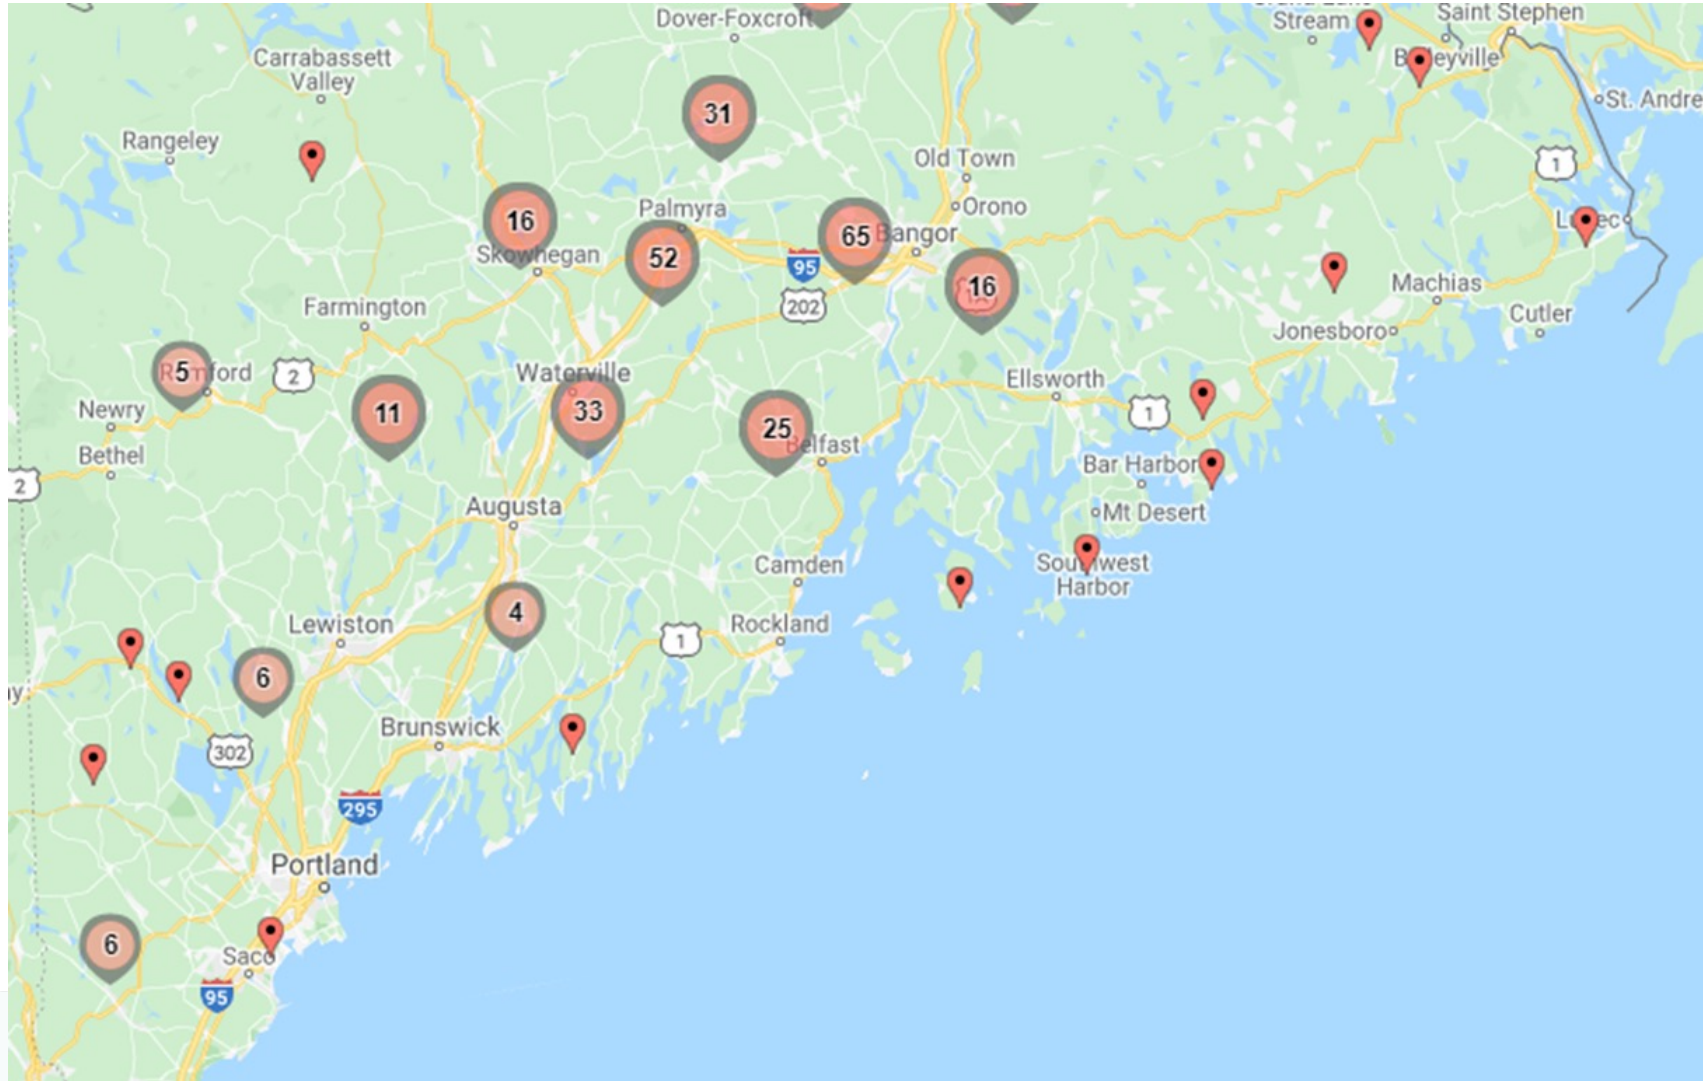

- first unit: \$2,000
- second unit: \$500
