Be advised that information contained herein is intended to serve as a useful reference for informational purposes only and is not complete clinical information. This information is intended for use only by competent healthcare professionals exercising judgment in providing care. McKesson Medical-Surgical cannot be held responsible for the continued currency of or for any errors or omissions in the information. If any condition noted in these informational guidelines persists or worsens, reassess condition and determine whether further or different treatment is required.

The product information contained in this document, including the product images and additional product materials, was collected from various supplier sources. All product claims and specifications are those of the product suppliers, not McKesson Medical-Surgical or its affiliates ("McKesson"), and have not been independently verified by McKesson. McKesson is not responsible for errors or omissions in the product information.

The properties of a product may change or be inaccurate following the posting or printing of the product information in the document, either in print or online version. Caution should be exercised when using or purchasing any products from McKesson's online or print documents by closely examining the product packaging and the labeling prior to use. Due to product changes, information listed in this document is subject to change without notice. This information is placed solely for your convenience in ordering and McKesson disclaims all responsibility for its completeness and accuracy, whether or not the inaccuracy or incompleteness is due to fault or error by McKesson.

McKesson Medical-Surgical is providing HCPCS codes based upon information provided by the product manufacturers. McKesson Medical-Surgical does not make representations about the accuracy of this information. The HCPCS codes do not indicate coverage or payment under any federal or state healthcare program. The entity that submits claims to any federal or state healthcare program has the responsibility to verify the accuracy of HCPCS codes it submits for payment purposes.

McKesson WoundCare Companion™ Nutrition Resource Guide

Caring for your patients is a top priority, but advanced wound care can be a challenge. Let McKesson Medical-Surgical help you find ways to make the treatment of wounds easier for you and your clinical staff, while helping your patients heal.

This Product Resource Guide provides details on advanced wound care products and information clinicians need to help them comply with CMS and OASIS requirements.

With options ranging from trusted national brand manufacturers to our own McKesson Brands portfolio, you can easily find the right products for your patients.
