

Lasting Legacy LEA Scholarship Fund

- ✓ **The Lasting Legacy LEA Scholarship Fund** was established in 2025 to honor the extraordinary individuals who have received the Maine Council on Aging's Lasting Legacy Award, while advancing the next generation of leaders through the **Leadership Exchange on Aging (LEA)**.
- ✓ This fund provides scholarship support to leaders from the community, non-profit, and business sectors to participate in the LEA program. LEA equips participants with a deep understanding of ageism and its far-reaching impacts, offers practical tools to address it, and empowers individuals to become catalysts for change within their organizations and communities.
- ✓ **The Lasting Legacy Award** recognizes and celebrates the sustained leadership of people whose commitment, ideals, and actions throughout their careers have brought about lasting and positive change to the lives of older Mainers.
- ✓ Through this scholarship fund, we are proud to both honor the enduring impact of our award recipients and invest in future leaders who share their commitment to making an age-positive Maine.

TO DONATE to the fund, click [HERE](#) or contact rhowes@mainecouncilonaging.org
