Your Input Will Make a Difference

MCOA will incorporate your input into our work and advance our efforts to:

- Reduce ageism in employment,
- Help employers become more welcoming to adult workers,
- Create meaningful work opportunities for older LGBTQIA+ people who need or want to continue working, and
- Reduce the workforce shortage in Maine.

If you have questions, or are unable to attend the focus group but have feedback to provide, please reach out to Age Equity Program Manager [Meriah Hope](#).
